

Opportunities at OCF

OCF specialises in supporting the significant big data challenges of private and public UK firms. Our in-house team and extensive partner network can design, integrate, manage or host the high performance compute, storage hardware and analytics software necessary for customers to extract value from their data. With a 15-year heritage in HPC, managing big data challenges, OCF works with over 20 per cent of the UK's Universities, Higher Education Institutes and Research Councils, as well as commercial clients from the automotive, aerospace, financial, manufacturing, media, oil & gas, pharmaceutical and utilities industries.

Role: Project Manager

Salary: Up to £35k, depending upon experience

Based: Rotunda Business Centre, Thorncliffe Park, Chapeltown, Sheffield, S35 2PG

Travel: Nationwide travel required

Overview:

OCF plc are looking to recruit a Project Manager who will be responsible for successful initiation, planning, executing, monitoring and controlling HPC projects until completion. The role will work within the current Project Management team based in Sheffield and adhere to current procedures. This is an exciting opportunity to work alongside an extensive and diverse range of customers throughout the UK.

The successful candidate will therefore have the following attributes:

- An ability to communicate at all levels with clarity and precision both written and verbally.
- A proven ability to engage stakeholders.
- Sound business and technical acumen.
- Focused and versatile team player and be comfortable under pressure.
- Core project management skills and project management methodologies.
- Strong presentation skills.

The successful candidate will require:

- Project Management qualification (PRINCE2 or Agile).
- At least 3 years' experience within a Project Management environment.
- Understanding of IT technologies (desirable).

OCF has a record of training its own technical staff and full support and training will be provided where appropriate. OCF is an equal opportunities employer.
